Risk Taxonomy Matrix

Structural Risks	Asset Class Risks	Sector Specific Risks
Illiquidity (Limited repurchase policy)	Cryptocurrency (Indirect exposure, highly volatile)	Disruptive Innovation (High failure rate in early-stage tech)
Leverage (Can magnify volatility/losses)	Foreign Securities (Political/economic instability)	Next Gen Internet / Communications
Non-Diversification (High exposure to single entities)	Emerging Markets (Less developed liquidity)	Genomic / Health Care Regulations
Valuation Uncertainty (Private company pricing)		

Disclosures & Legal Appendix

Speculative Nature: Investment in early-stage private companies is highly speculative, involving substantial risks including high failure rates and restricted liquidity.

Insurance & Value: Not FDIC Insured – No Bank Guarantee – May Lose Value.

Distribution & Platforms: Distributed by Foreside Fund Services, LLC. ARK is not affiliated with Titan Global Capital Management USA LLC or SoFi entities.

Prospectus Note: Investors should carefully consider investment objectives, risks, charges, and expenses before investing. Obtain and read the prospectus carefully.
